Environmental Position Paper

Final Exam

This paper is your position on the state of the environment. Your position is mainly your opinion but it should be supported by the topics that you have learned about this semester. Discuss these topics in detail with support from the text and other resources that you have encountered in this course. Conclude this paper by explaining what you can and will do to help alleviate our environmental problems. This paper should be at least 4 pages in length, double-spaced, and typed. Cite all sources (should have at least two other than your text). Email me your paper by the due date provided on the syllabus.
